7. PHOTOGRAPHY BRAND STANDARDS

Photography is a key part of how Silverleaf Academy is seen by prospective students and parents. All event photos must reflect the school's values and be brand-consistent.

7.1 Photography: Do and Don't

DO	DO NOT
Show smiling, happy, engaged faces	Show emotionless or sad expressions
Ensure students are in correct, neat uniforms	Show torn, dirty, or incorrect uniforms
Use natural light and colourful backgrounds	Oversaturate colours or apply filters
Show neat, tidy classrooms and facilities	Photograph disrepair or messy spaces
Position subjects to left or right of frame	Centre subjects in every shot – vary composition
Shoot at the subject's eye level	Shoot from behind – faces must be visible

Keep the Silverleaf logo on uniforms visible	Allow the logo to be cut off or obstructed
Photograph sports activities in sports uniform only	Mix day and sports uniforms in the same photo

Our photos should be: Natural. Positive. Engaging. Energetic. Clear. Academic. Professional. Respectful.
