

Majundo Ops — Week 1 Gantt

Team: Kai · Amos · Jfree · Irene | Green = Done · Yellow = Open | Progress: 15/24 tasks (Kai 6/6 · Amos/Jfree/Irene 3/6 each)

Week goal: Matron starts a trip, scans student QR, sees GPS + fee balance, records time-in/out, parent gets SMS/WhatsApp. Admin sees today's boarding list. Demos: end of Day 3 and Day 5.

Person × Day grid

Person	Day 1 Kickoff	Day 2 Schema	Day 3 QR Demo	Day 4 Boarding	Day 5 Fees / GPS	Day 6 Messaging	Done	Open	%
Kai	Next.js + Supabase + auth	SQL schema v1	QR resolve API	POST /api/boarding	Fee on boarding + sync-fees	Parent SMS/WhatsApp + logs	6	0	100%
Amos	Matron shell + geolocation	Student list + QR display	Camera scanner	Scan flow success UI	GPS + fee on success	Parent notified status	3	3	50%
Jfree	Buses stub + seed	Trip stub morning/evening	Bus detail capacity	Occupancy counter	trip_locations endpoint	Today roster per bus	3	3	50%
Irene	Admin dashboard KPIs	Seed fees + phones	Permissions matrix	Boarding history table	Fee policy toggle	Messages sent panel	3	3	50%

Full task list

Day	Person	Work	Duty	Status
1	Kai	Create Next.js app / Supabase / .env.example / auth roles	Captain	Done
1	Amos	Matron layout shell (mobile-first) + geolocation permission	Integrator	Done
1	Jfree	Buses table UI stub + seed 2–3 buses	QA Hawk	Done
1	Irene	Admin dashboard shell + empty KPI placeholders	Docs Scout	Done
2	Kai	SQL schema v1: students, parents, QR, buses, trips, boarding, fees	Integrator	Done
2	Amos	Student list page (read-only) + QR display component	QA Hawk	Done
2	Jfree	Trip stub: create morning / evening trip for a bus	Docs Scout	Done
2	Irene	Seed fee balances + parent phones for ~20 demo students	Captain	Done
3	Kai	API: resolve QR → student; generate QR tokens	QA Hawk	Done
3	Amos	Camera QR scanner page wired to Kai API	Docs Scout	Done
3	Jfree	Bus detail page showing capacity	Captain	Done
3	Irene	Roles/permissions matrix + enforce on admin routes	Integrator	Done
4	Kai	POST /api/boarding — time-in/out, reject duplicate scans	Docs Scout	Done
4	Amos	Scan flow: start trip → scan → success UI with name	Captain	Open
4	Jfree	Occupancy counter API + UI on trip page	Integrator	Open

Day	Person	Work	Duty	Status
4	Irene	Boarding history table for admin	QA Hawk	Open
5	Kai	Fee lookup on boarding; cron stub sync-fees	Captain	Done
5	Amos	GPS on open + each scan; fee balance on success	Integrator	Open
5	Jfree	trip_locations write endpoint	QA Hawk	Open
5	Irene	Fee policy UI: threshold / Monday prompt toggle	Docs Scout	Open
6	Kai	Africa's Talking or stub; message_logs; wire boarding	Captain	Done
6	Amos	Matron sees Parent notified ✓ / failed	Integrator	Open
6	Jfree	Today's roster per bus (who is on)	QA Hawk	Open
6	Irene	Admin Messages sent today panel	Docs Scout	Open
