ACADEMY

The Future Starts Here

TECHNOLOGY POLICY

JANUARY, 2025.

Executive Summary

The Silverleaf Academy ICT/Tech Policy provides a comprehensive framework to ensure the effective and responsible use of technology within the school. It outlines the acceptable use of ICT resources by students, staff, and other users, emphasizing educational purposes and ethical behavior. The policy includes provisions for data security, internet use, and personal device management, ensuring that all users engage in safe and productive digital practices.

Additionally, the policy incorporates a Tech Maintenance Plan designed to maintain the school's technology infrastructure in optimal condition. The regular upkeep of technology assets, combined with ongoing training for staff and students, ensures that Silverleaf Academy remains at the forefront of educational technology while safeguarding the integrity and security of its systems.

By adhering to this policy, Silverleaf Academy commits to fostering a safe, efficient, and innovative learning environment, where technology is utilized to enhance educational outcomes and support the school and company's mission.

1. Purpose

This policy outlines the acceptable use of technology resources at Silverleaf Academy to ensure that all students, staff, and other users utilize technology responsibly and ethically.

2. Scope

This policy applies to all users of Silverleaf Academy's ICT resources, including students, staff, administrators, and any other individuals with access to the school's technology systems.

3. Technology Resources

Devices: Include laptops, tablets, projectors, phones, speakers, photocopy, scanner machines, printers, laminators and other computing and communication devices provided by the school such as sim cards.

Network: School's local area network (LAN), Wi-Fi, and internet access.

Software: All licensed software applications, educational tools, and operating systems installed on school devices or available on cloud such as Canva, PowerSchool application, Class Dojo et cetera.

Data: Includes all digital information, whether it is created, stored, transmitted, or received via the school's systems.

4. Acceptable Use

Technology resources are to be used for educational purposes at school level and in support of the schools at company level. Personal use should be minimal and not interfere with school activities.

5. Accountability:

Users are responsible for their accounts (email accounts and other online platforms) and must keep passwords secure. Sharing of accounts is prohibited.

Respectful Communication:

All digital communication should be conducted respectfully and professionally. Bullying, harassment, or inappropriate language is strictly prohibited.

Software Installation: Only authorized personnel are allowed to install software on school devices. Unauthorized installation of software is prohibited.

5. Security

Data Protection: All users must adhere to data protection guidelines, ensuring that sensitive information is handled securely and confidentially.

Access Control; Only authorized users are allowed access to the school's network and systems. Students and staff must not attempt to bypass security protocols or access restricted areas of the network.

6. Internet Use:

Research and Information Literacy: The school encourages the use of the internet for research and learning. Students should ONLY access the internet under strict supervision of their teachers..

ICT Training and Support

Professional Development (PDs): The school will provide ongoing ICT training and support for staff to ensure they are proficient in using technology to enhance learning. These trainings will be provided upon request and based on the school and company need.

Student Training: Students will receive instruction on responsible technology use and basic ICT skills as part of the curriculum.

Privacy and Monitoring:

The school reserves the right to monitor the use of its technology resources to ensure compliance with this policy.

Consequences of technology resources misuse:

- If you destroy or lose any devices you were handed ,you will be responsible by either paying or fixing broken equipment.
- If anyone steals Silverleaf's tech devices and is caught with it, that will involve contract termination and other legal action may be taken.
- You're not allowed to take home any Silverleaf's tech devices unless you have permission from an authorized person.

- Any misuse of the school's ICT resources will result in disciplinary action, which may include loss of access privileges, suspension, or other consequences as deemed appropriate by the school administration.

Legal Action:

In cases of severe violations, such as hacking, cyberbullying, or illegal activities, the school may involve law enforcement.

Maintenance Plan and Schedule

The ICT Department shall ensure the following:

- Check network connectivity and ensure that all critical systems are operational on a daily basis.
- Monitor antivirus software updates and ensure they are applied.
- Check for and install any necessary software updates and patches at the end of each month.
- Clean and inspect hardware for any physical damage.
- Evaluate the performance of key systems and identify any areas needing upgrades or repairs.
- Review and update the ICT inventory, removing outdated equipment from the register.
- Conduct a full audit of all technology assets, including hardware, software and network infrastructure.
- Replace and upgrade changing hardware and software as needed
- Provide staff training on new systems or updates to existing technologies.
- Review and update the ICT/Tech Policy and the Tech maintenance plan based on the latest technological developments and school needs.

Policy Review

This policy will be reviewed annually by the ICT department in collaboration with the schools and company administration to ensure it remains current and effective in addressing the evolving needs of the schools and company.

Acknowledgment Form

I, _____, have read and understood the Silverleaf Academy Tech Policy.
I agree to comply with this policy and understand the consequences of any violations.
